#### Reviewed 2017-2018 District Improvement Plan (Keep Dakota Proud! Plan)

Mr. Prusator provided a review of the tentative 2017-2018 District Improvement Plan. We're later in the process than we would be normally. Many of the items in the plan will likely carry over into the 2018-2019 improvement plan, but we want to make as much progress as we can this year. If any community members would like anything included for consideration, please let the district know as soon as possible by e-mailing Sue Gallagher at sgallagher@dakota201.com. We'll likely approve it at the November meeting.

#### Approved building School Improvement Plan

The Board approved the 2017-2018 school improvement plans. These plans included some of the goal setting work that was done in each building earlier in the year. The district will continue to work at developing building plans and goals that all link tightly to our shared vision and District Improvement Plan.

#### Reviewed 11/1/17 Community Focus Group Session

The Board reviewed the format and questions for the community focus group session scheduled for Wednesday, November 1<sup>st</sup>, which begins at 7:00 p.m. and Dakota High School. This will be the board's third focus group session having conducted one in each of the two previous school years. One of the school board's biggest responsibilities is engaging the community and this format does a pretty effective job of that. The purpose of the focus group session is to share information about the district to the community and getting feedback from the community on the direction of the school district.

Community members are invited to attend.
